

## Interacting with the game:

Rotate pieces by scrolling over them in the constructions site.

Drag pieces to wear you wish to place them (A yellow shadow will appear where the piece should be placed)

You can let go of the piece when there is no yellow shadow and it will return to the construction site.

## Interpreting the UI:

When it is your turn your score will be the highlighted one.

Districts/plazas on lower level will have a darker shade.

The colours follow that of the official rules:

Grey = Quarry

Blue = Houses

Yellow = Market

Red = Barack

Purple = Temple

Green = Garden
